Customer Reviews

I became a Believer 5 years ago. Married for 6 years to a beautiful, amazing woman and blessed with 2 adorable children from this union, why do this 'challenge'? Why read this book? I love my wife, and our marriage thrives. Sometimes I think if men would simply, truly love their wives, divorce would go out the window. In general, and forgive me for generalities, women thrive at relationships and social activities if we give them a reason. My dilemma: I became a Christian and my wife didn't. Still, our relationship works even with an essentially 'New Ager' married to a 'Jesus Freak'. I pray

and witness to my family openly and try to do it with love and without a better than you, condemning, preachy attitude. But I'm flawed, and sometimes she'll roll her eyes or sigh, and either I or her get a bit defensive or worse, offensive. Whew! The Kendricks' 40 day challenge offers daily encouragement essentially for Believers; although, anyone could benefit from a program that stresses kindness, attentiveness and re-discovery, but unless non-Christians are open and friendly towards the Faith, most will probably be put off by the Christian theme. If you like a daily to-do format and the feeling of having a 40 day period of cleansing, starting over, renewal, I strongly recommend this for you. Most of the challenges are simply commonsense, but it's nice to hear it in short, digestible pieces and wonder what tomorrow's challenge will bring. And of course, it goes well with the movie.

Half of all marriages end in divorce. That means most marriage relationships are either severely dysfunctional or headed that way. What is the answer? The Love Dare's answer is that we don't really understand how to live out the love that marriage requires. Inspired by the movie Fireproof, this book is a forty day devotional that covers various aspects of the true sacrificial love which is missing from many marriages. There is a lot to like about this book. It clearly explains the nature of mature love & practically challenges you to live it out. It emphasizes how YOU have to be the one to take responsibility and change, regardless of how your partner does or does not respond, and it shows how the strength for that kind of love is powered by a relationship with God through Jesus Christ. This book has had a powerful impact on thousands of people, and I am very thankful for the truth it teaches. However, the book does have some shortcomings. First, the book is unnaturally constrained to fit the plot of the movie. The movie's plot confronted the main character with his need for a personal relationship with God mid-way through, and so the book follows suit. Halfway through the forty days, we suddenly shift to a presentation of how living out sacrificial love should make one realize his absolute need for Christianity. For Christians reading a book on marriage, the discussion of how our relationship with Christ should structure our marital relationship should be foundational, should be page 1. On the other hand, a non-Christian reading the book frankly is unlikely to be impressed by this sudden foray into an altar call in the middle of the book. Second, the book spends little time on the differing roles of the husband and wife in a marriage.
