Hi, friends, My name is Rick, aka: Fourstrings, Ol'Bassman, and Rit-d'-Git" and I have been playing now for over 50 years, as I am 62, and started with my Harmony Archtop Guitar #1214 which ate my fingertips off in a few weeks, as "dad" didn't know how to adjust the playability of any instrument, but was good at anything he picked up! I have his talent and more as God granted me, for as long as I played my heart was deeply into it, but, never did I take a lesson, and haven't still. I will say this: I have used all that I sell and have sold, which now is up to sheet music, books, Bluegrass, Country, European Melodies Love themes, and of course, I got my Blues, R&B, and everything else "melded" into the styles of those I play with. I have always wanted to twist what instrument I played into "MY STYLE" which had many times been called "great", and "the Best", but never by me~! I now build, upgrade, and improve the sounds of the tonalities of any instrument I have in my hands, I always did that. And, I have almost every publication, book, CD, DVD, magazines, "D-I-Y" and more. I will make a special exclamation about this small few pages that is for sale here and I'll bet that many haven't given it the chance that it needed to be useful to them.
