Silent Night

Synopsis

When her husband is diagnosed with leukemia, Catherine Dornan and their two young sons accompany him to New York, during the Christmas season, for a life-saving operation. Hoping to divert them from worry about their father, Catherine takes the boys to see some of the city's Christmas Eve sights. When they stop to listen to a street musician, Brian, the younger boy, sees a woman find his mother's wallet, which also holds a precious family memento he believes will save his father's life. Unable to get his mother's attention, Brian follows the woman into the city's subways -- beginning a journey that will threaten his life and change that of his mother and of the woman as well. Written with warmth, yet set against a background of menace and thrilling suspense, *Silent Night* sings with the spirit of the season, celebrating the mysteries of faith renewed and faith rewarded that we honor every holiday season.

Customer Reviews

This is one of Mary Higgins Clark's best books. Although short, it packs action and suspense onto each and every page. The child-hero was terrific--a real boy any of us could identify with. I really cared and I thank the author for that. I just wish Ms. Clark would stop making her female heroines (i.e., the child's mother) so physically gorgeous! Can't we have someone ordinary for a change?

Catherine Dornan appears to have it all--a comfortable lifestyle, a loving husband and two wonderful little boys. Then her physician husband falls ill with a life-threatening illness. The boys' grandmother gives them a St. Christopher medal--that saved her husband's life in World War II--and instructs

them to give it to their father, and it will make him well. Although skeptical, Catherine Dornan does as her mother instructs and places the St. Christopher medal in her wallet for safekeeping. Little Brian Dornan however, the youngest of the two boys, is relying on that medal to make his father well again. So when he spots a woman pick up his mother's wallet from off of the ground while at Rockefeller center listening to Christmas carols, he takes off in hot pursuit. Brian has no idea what is waiting for him when he finally catches up with the young woman; and it soon becomes clear to Brian that St. Christopher may save not only his father's life--but perhaps his own.DYB

I loved the novel. It was absolutely perfect. When I read the novel, I couldn't put it down! It keeps you on the edge of your seat through the whole book. Mary Higgins Clark just has a way of keeping you into the novel until you finish one her suspense-filled books. In the novel Silent Night, a lady named Catherine Dornan lost her wallet and her son. Her wallet fall out of her handbag, and her son ran after it. A lady named Cally Hunter stole her wallet and ran with it. However, when Cally got home her bother who is an escape killer, was there waiting for her. Brian, Catherine's son followed Cally home and consequently, Jimmy; Cally's bother, kidnapped him. The only thing Brian Dornan was worried about was getting back to his mother before Christmas and for him to get back the St. Christopher medal to his father, so he can get well. Risking his own life and safety...what a kid! You'll have to read the book to find out how the story ends. In my opinion, all of the characters in the novel are plausible because their actions and reactions are very believable, by how Mary Higgins Clark wrote it. I hope you enjoy the book as much as I did.

My high school English class had a class set of these books and it was assigned reading for the holiday season. The assignment was met with the usual groans, but the students dove in. Soon I was hearing remarks like, "Hey, I read the whole book in two days!" and "This is the first assignment that I have liked!" and "Guess what? I really read this book!" Most students actually finished reading the book in much less than the assigned time. A couple of them admitted that this was the first book they had actually read all the way through. The story takes place on Christmas Eve and involves a lost boy. It involves some tense situations and presents a number of good role models for children. After our class had completed the reading, each student who felt so moved wrote a note to Mary Higgins Clark. We were delighted a few weeks later when we received a letter from her expressing sincere appreciation for the many laudatory comments from the young readers. I recommend this book to youngsters from 9 to 99 who wish to have a "good read" for the Christmas season.

The powers of love, faith, and courage have rarely been tied together in an exciting suspense story. But in the novel "Silent Night" by Mary Higgins Clark, she managed to do just that. The setting is Christmas Eve in New York City. After Tom Dornan arrives there to receive a life-saving operation for his leukemia, his wife Catherine and two sons come to visit from Omaha. While Catherine and her two boys watch a musician on the street, Catherine's youngest son, Brian, witnesses someone taking her wallet without her realizing it. The wallet had a St. Christopher medal in it that saved his grandfather's life in World War Two. Brian hopes that giving it to his dad will save his life as well. Brian follows the woman to her apartment and gets caught up in something far bigger than he expected. When kidnapped by escaped murderer Jimmy Siddons, Brian finds his courage and faith tested in this heartwarming novel that is great for all ages.

I like this very much. It was very exciting and thrilling. I read it in two days. It may be a fairly short book, but it has very good content. It has tons of suspense and keeps you wanting more. It's the type of book I like cause I did not ever want to put it down. Mary Higgins Clark books are the only books I read. They keep me enticed and into the book. Some of her books involve love stories, also. I love to read about love stories, but I also want something that will keep me reading. I don't like the mushy stuff all the time, but I do love a good ending. I like to read about murders and mysteries, all of which Mary Higgins Clark covers. The cover on the book is very interesting and makes you wonder what it is going to be about. It makes you want to pick it up and read it, right from the start. I am reading another book by this author called "All Around the Town". I highly suggest anyone who loves suspenseful books to read this. You'll never be able to put it down.
