Customer Reviews

Here are another 18 true crime cases for your late evening reading enjoyment. One case was close to home and three others were somewhat familiar: Manson, Hanratty, and Bambi. If I had proofread this book, I would have made 25 corrections.

Robert Keller is an excellent writer. These books are like the old Reader's Digest Condensed Books; but all have to do with true crimes. Mr. Keller somehow unearths stories I've never heard about. That's not an easy thing to do. An even bigger surprise is he's able to divulge little known facts when he's presenting more familiar tales too. Keller is a tried and trusted author that I always enjoy.

Great writing as usual.

I have read several of Robert's books and enjoyed every one. As always the stories are short and contain the bare facts of a case. I recommend to all true crime buffs.

I really like true crime books. Robert Keller will have you on the edge of your seat. Don't miss out in this author's many books on true crime.
