Customer Reviews

I really enjoy this book. It is nice to know that I can play Disney songs on my trombone. Plus, it is extremely fun to play favorites like Circle of Life, Beauty and the Beast, and God Help the Outcasts.

My daughter started playing the trombone last year and wanted some music that she could relate to more. I got it for her as a Christmas gift and she loves it. Highly recommend.

After playing flute for a few years, my daughter agreed to switch to trombone. She's had trouble staying motivated to practice, but having these familiar melodies to play on her new instrument has given her the motivation to play and makes it easy for me to hear if she's playing the correct notes. Well worth the modest price.

I bought this as a gift for my student. He absolutely loved it and quickly learned many of the songs! My favorite was when he played "Bibbidi Bobbidi Boo" for our entire class. This was a truly magical purchase!

My daughter loves this book because she can play Disney songs that her friends recognize. Some of the songs are kind of short, but they cover the good parts of the songs.
