## Customer Reviews

We bought the family a ukulele for Christmas and also bought this song book. Although my college-age daughter was disappointed at first, she eventually couldn't resist playing it. We have the uke and songbook in the family room, and there hasn't been a day that goes by that someone hasn't played. This song book is great for all ages (who can read). The chords and fingering are above the words on the sheet music. We even took the uke and book on vacation, and the kids played it on the way up in the car. Every song in the book is easy enough to play and to recognize. We are buying more Hal Leonard uke songbooks.

I was excited that I received my order before December 25th!!! Thanks!! Then to realize the easy to learn way that Hal Leonard does in all his ukulele song books, and teachings!! A must have before Christmas comes again!!

This music book is just what I wanted. I am happy with it. This music book has great songs for Christmas.

Too basic even for a beginner. Arrangements are stiff and boring. Try a different book, you'll be glad you did.

I love everything about this book! It's perfect to help you entertain during holiday get-togethers.1. Perfect for beginners, easy to read and understand, but sounds good enough for intermediate players to make their own2. The selection of very popular songs is excellent for a holly jolly christmas without dipping into the more religious carols or hymns. This is by far my favorite selection of christmas songs for uke that I've found in print, yet.3. The choice of chords and corresponding chord change placement sounds outstanding. This is definitely professionally done as opposed to the crap versions found on uke websites.4. Does not require electricity5. not all songs are in the key of "C" but the majority of the chords are repetitive enough throughout all of the song selections you won't need to learn TOO many new chords just to have fun and put on a chill show for family and friends.6. each song has a chord name and diagram every time you are supposed to change chords ) so you have less chance of forgetting which one is c7 at the wrong moment).I would absolutely buy this for a friend or purchase it again for myself in the future when I wear this one out.

Easy uke Christmas book. Lyrics & chords are provided. I change the keys if the chords in the book are too high or low. Nice collection of songs!
