A Story of love, acceptance, and life. Four brothers who are joined by faith and not by blood. Four great stories the promise of a life time beginning with one little oath. Love and a brotherhood that would have never been if it was not for a single vatal moment. Four brothers that will come to

rescue at the least sight of trouble. These four stories were the best series -in my opinion- Nora Robert has ever written. It'll bring tears to your eyes like no others did. Sea Swept: Cam, a man entitled to a life full of wild race was forced to come back home to discover that his adopted father is on his death bed. Swearing that he and his brothers will take care of another Quinn Stray, Cam got more than he ever asked for. Anna Spinelli, a full-willed woman works for the Social Service and is the case worker for Seth. Doing what she does best, she tumbles into the world of Quinn men who stands for the motto: "You mess with one Quinn, you mess with them all" Rising Tide: Ethan Quinn comes from the bottom of the pit. Being abused and neglected so many ways, he has the patient of a saint. Ethan has come to believe that he should not have any relationship whatsoever because of what he is. The blood he has. And all it takes is pretty Grace Moroe to change his opinion on love. Inner Harbor: The story of Philip Quinn who has lived the first decade of his life on the street. Mr. Prime and Proper. Philip has always been the 'detail man' taking care of lawyers, social workers, he thought he can handle it all. That's until Sybill comes along and test it. Sybill is a very logical person. So imagine what she thinks when she finds that love, is anything BUT logical.

I always tell people that I never reread books. I'm starting to realize that is a lie. While I do not reread often, I do like to revisit some books, especially when they are written by my favorite author and I've read everything she has written! It has been almost 10 years since I last read of the Quinn Brothers, but this has always been my favorite trilogy. Cam, Ethan, and Philip Quinn are all called home to their fathers unexpected deathbed, and find a surprise: a ten year old boy named Seth who their father was in the process of adopting. While the adoption is not that big of a surprise - The Mighty Quinn adopted all of his sons, saving them from hard lives and surefire destruction - but there seems to be more to Seth than meets the eye. Against the backdrop of a small working water town on Maryland's Eastern Shore, the brothers soon realize that his adoption involves speculation of scandal, a hard mother that will not go away, and they must band together to protect their newest family member. The first three books are the original trilogy and tell the story of Cam, Ethan, and Phil adjusting to, accepting, and coming to love Seth as they fight to keep him safe. Obviously, there are some attractive women involved as well: Anna, Seth's caseworker, is the perfect blend of Italian temper and soothing logic for the fast-paced Cam; Grace and Ethan have known each other almost their whole lives, but it takes the shared interest in Seth's safety to convince these two shy and cautious individuals to move a little faster; and Sybil has a secret that almost ruins her relationship with Phil, but in the end she makes them a true family. The forth books is about Seth almost 20 years later.
