Heaven's Price

Synopsis

In *Heaven's Price* Sandra Brown has written a deliciously sensual novel of a woman torn between her career and her heart. Blair Simpson thought she had it all -- a satisfying career as a dancer, a great Manhattan apartment and no emotional entanglements. But when Blair injures her knees dancing she is forced to put her life on hold and move to Long Island to recuperate. Blair has never met anyone like her new landlord Sean, who questions her methods and her lifestyle at every turn. Yet Blair is determined to continue dancing, even if it means risking her health. What she can't see, until it's much too late, is that while she's healing her body, she's losing her heart... as Sean makes her question her most intimate beliefs--about men, about love, and mostly, about herself. Now, as professional duty and her passionate yearnings clash, she must choose the right course for them both. Sexy, touching, and deeply satisfying, here is one of Sandra Brown's classic romances available on CD for the first time ever.

Customer Reviews

I disliked this novel. Deeply. The hero is sexist from chapter one to the very end. I found very disgusting that he pretended to be the masseur the heroine was expecting. It wasn't sexy at all. It seems that the novel supports this idea: if you are a woman and love your career passionately, it must be because you have a psychological problem. Apparently, it is great if your dreams get shattered. So you can devote yourself to what seems to be the natural destiny of women, marry and have children. Not to mention the topic of the gay dancer (it is not stated, but it is obvious). Of course, it must be a tragic figure. Really? New York, 1983? And the dancers had to be in the

closet? I don't find a good reason to publish again this not-so-golden-oldie. If you have a feminist sensitivity, this novel is not certainly for you. And don't tell me that all 1980s novels were sexist. It's not true. Sandra Brown's are not usually so male chauvinist.

I thought it was a really good book. The plot was excellent the characters caring and romantic and it was just such a good book that I could not put it down. And besides, it was a pretty funny book...many jokes and that totally made the book enjoyable.

I started reading Sandra Brown books so long ago - probably before I really should have been (: I think my mom had a bunch around the house, and I just started reading them, and pretty soon devoured so much of what she had written! While this wasn't my favorite book of hers, I still enjoyed it. I picked this one up because I specifically wanted to read a romance. I didn't want anything dystopian, young adult, suspenseful, etc; I just wanted a romance. And that's exactly what I got. Blair is a stubborn dancer who doesn't want to give up her career in dancing. Sean is just as stubborn, but knows what he wants in life, and that includes Blair. They have a whirlwind romance, but like all couples, face challenges during their relationship. It was a short, quick read that I finished in a day. If you've read anything by Sandra Brown, or just want a quick romance, pick it up. Like I said, it's not my favorite of hers, but it was a sweet story. Pagesofcomfort.blogspot.com

This was a short story about seduction. I have nothing against seduction. I like it a lot. BUT, you have to care about the characters in order for the seduction to be touching and moving. Ms Brown wrote excellent sex/love scenes, but needs to write a good story around them. Skip this book. There are many good books out there to read. Try Madeline Hunter, Mary Balough, Connie Brockway, Jo Beverley, to name a few, if you want good stories with moving intimacy.

I have read most of the Sandra Brown books and find that her earlier works are not as good as her later works, which I find exciting in the twists and turns she brings to the stories.

Heaven's Price is really a sweet romance. Sure, it's almost the same as Adam's Fall (also by Sandra Brown), except for the character conditions and the gender, but it's still so good. Sean Garrett is Blair Simpson's landlord, she's living in the place that belongs to Sean now, because she's recovering her knees. (Blair is a dancer) Blair and Sean has this attraction and...WEll I can't say the whole thing, but trust me, if you readers liked Adam's Fall, then you'll definitely like Heaven's Price.

Sandra Brown is a great romance writer !!

This story is a quick read. I started it noon on a Saturday and finished it Saturday night. I liked the romantic and career dilemmas of the novel but one thing irritated me. The characters fell into it soooooo quickly. There was NO anticipation or strained anxious moments because they started off in the novel already pretty hot and heavy...even with only knowing each other an hour and some change. If you can get past that little point it's a funny mindless read for a nice afternoon on the deck or on the beach.

I liked it alot Great story and book was made excellant . Easy reading and enjoyable EVEN tho I like large print better I could read this story as it was a Short Story.
