First kids lit kindle book purchase and I was completely blown away. My son, who is almost three, loves this book as much if not more than his favorite preschool apps and games. Still can not believe that it's priced at under a dollar. The only con is I thought all kids kindle books were like this and that's not the case. I even purchased a kindle only kids book that I hoped would be set up the same way but so far this book stands alone. If anyone knows of other books that are like this please

leave their titles in the comments and I'll follow up. Can't rave enough about this book. If your guy likes dinosaur (or not) this will be a hit that's read again and again.

Elwyn Tate's "My T-Rex Has A Toothache" is one of my grandson's favorite books and for good reason. It is a delightful poem, detailing a most unusual problem of a boy's T-Rex having a toothache. Ingenuity eventually helps the boy and his dinosaur solve the dilemma -- only to have the youngster's Pteranodon experience a problem. Elwyn Tate writes with humor and adds charming, colorful illustrations that complement the text nicely. I particularly like that the T-Rex and the Pteranodon are rendered in a more realistic style than the people and backgrounds. That style allows a child the freedom to see the story's imaginary "pets" as real rather than telling them the creatures are "not real". Every adult remembers having an imaginary friend or creature -- this book plays on that idea. If you are looking for a short, fun-to-read aloud book, I recommend you purchase "My T-Rex Has A Toothache".

I got this book for my 5-year old when it was offered for free on Kindle, but this book is of the quality one would expect from a traditionally published book -- in fact, I'm not sure why it isn't. We go to the library often and I'm even frustrated with some of the books that DO get published. I've gotten lots of free Kindle edition books for kids and I'm sorry to say that most of them, even for free, are not worth keeping. This one is dramatically different. The art work is superb and the rhyming is fun and will keep a child's interest. My son loved the book too. I would hope to see more from the author/illustrator in the future -- and next time in bookstores as well!

My grandson has been losing his baby teeth and they get loose and the gum will get sore. Also when the new tooth comes in. He is a special needs child and really laughed when we read the book together. He told his mom, "Oh, my goodness. The dinosaur's tooth hurts!" When the dinosaur finally roars the tooth out was a funny part of the book to him. Especially good for children who are having "tooth problems."

What do you do to help your T-Rex when even the veterinarian runs in terror. Read this book to find the answer. This is a delightful early reader picture book; with vibrant colorful illustrations to bring the story alive in the

imagination of young readers. A simple rhyming verse keeps readers involved and amused. link: [http://www..com/My-T-Rex-Has-Toothache-Childrens-ebook/dp/B0079L1BJM/ref=sr\\_1\\_1?s=digital-t&ie=UTF8&qid=1455534354&sr=1-1&keywords=my+t-rex+has+a+toothache](http://www..com/My-T-Rex-Has-Toothache-Childrens-ebook/dp/B0079L1BJM/ref=sr_1_1?s=digital-t&ie=UTF8&qid=1455534354&sr=1-1&keywords=my+t-rex+has+a+toothache)Barnes and Noble link: Not Available Goodreads link: [...]

This is a cute story in rhyme (hats off to anyone who rhymes - it helps kids read and pronounce words). I've just read it with my 6-year-old who loves dinosaurs, and she loved the illustrations, which more than compliment the verse. The plot and the rhythm lend themselves to TPR teaching and role-play, so you might not be picky about historical and biological accuracy. Dinosaurs make things fun for kids, and if this book helps your child learn to love reading, or at least makes it easier for them to wait for a loose tooth fall out, so be it. Warning;): kids who love a good T-rex may roar the book, instead of reading it!

My T-Rex has a Toothache is another uber cute children's book by Elwyn Tate. This is my oldest daughter's favorite bedtime story. Have I mentioned she's a dinosaur nut? We start with T-Rex unable to sleep, eat, and making moans and groans. He's such a sorry sight. Following the T-Rex as his kid takes him to the dentist and the kid's teacher before the kid figures out he has a loose tooth. Here's my daughter's favorite part. The T-Rex roars at the ceiling and floor until his tooth sticks in the door. Well now that the T-Rex is okay, I'm still wondering about the Pteranodon with a sneeze. This is once again a book I bought while I had a kindle fire and now view on a paperwhite. Aside from being in black and grays, it works beautifully. In the fire viewing, the colors fit the setting and the book.

This is another super cute book by Elwyn Tate and I was happy with the purchase. I got this book to add to my 7yo stepson's Kindle. He loves dinosaurs and we both enjoyed the story as well as the illustrations. It would likely be a better book for 3-5yos, but with his love of dinosaurs, my kiddo enjoyed this one anyway, and I won't complain about him choosing to read. Would recommend this one to anyone with littles who enjoy dinosaurs!
