## **Customer Reviews**

This is such a cute selection of short stories for children ages 4 - 8. Chompy decided to be a vegetarian and his family made fun of him. He left home and luckily for him he bumped into (should say swam into a swordfish named Buzz. Buzz was so happy to be able to talk with a shark that a great friendship was formed. The rest of the short stories feature Chompy, Buzz, Jilly the Jellyfish, Slick the seal and Flashy Starfish. I laughed at loud at some of the humor in this one. One that made me laugh was when Jilly was awarded the starring role in a play. She was to perform 'Jelly Lake'. How cute is that? On a serious note, Chompy was picked on for being a vegetarian and he does make lots of new friends that love him for being a shark. Chompy also has a wonderful quote 'sometimes the things we want most are also the scariest'. There are also a couple of Just for Fun Activities included. Most highly recommended.

I enjoyed all the stories! I did not really care for having to read the same jokes over and over and over again. But the stories and the cute characters were really cool and the fact that they were most of the time allowed to speak for themselves. I recommend this ebook especially for kids ages 4-8 who love to read animal stories as well and a great set of bedtime stories to pick from. For all of these comments I feel that the ebook is a five star rated ebook. I received this ebook for free and in exchange I have now completed an honest review. Super work Arnie! By Angela

This was a well written children's story. Who could dislike old Chompy? It must be tough to put out stories with a message in the minefield of wishy wash PC culture of today. Well done. PS- my grandkids loved the jokes in the back of the book.

The little guy enjoyed this book quite a bit! He said "it was a fun and interesting story". ANd responded with "Oh, yeah!" when I asked him if he'd read it again. I'm glad I got it.

This is a fun book. My first grader liked the story and could read most of it with a little help. I would have liked it to have some pictures and fewer words per page as a full page of words is a little daunting at this point. Might be too easy/short for more advanced readers who aren't still interested in pictures.

Chompy the Shark is a fun book to read with a great storyline. I love the artwork of Chompy. It's nice that the book has so many cool features and activities. Great book for kids in early grade school.

These books were easy and fun to read...included good vocabulary that my 6yr old would have to use context clues to get the meaning...and best of all had life lessons to be learned...good job and I would recommend these books

The story is Good, but I guess it needs more pictures for kids to be interested. I believe that we all know that kids are quick to be bored with just plain stories.
