# Big Vamp On Campus

## Synopsis

In Molly Harper's newest paranormal romantic comedy set in her beloved Half Moon Hollow, a vampire princess must learn how to navigate life as a college student - including living with her messy, annoying, frustrating new roommate. Ophelia Lambert, 400-year-old vampire princess and college freshman, suddenly finds herself domesticated by humans and forced to suffer the indignities of dorm rooms, communal bathrooms, and a roommate with sticky fingers. As one of the hundreds of undead venturing into postsecondary education, Ophelia has a lot more to learn than just "undead studies" - she has to learn to get along with her fellow vampire classmates and, worst of all, her human ones, along with getting back into the good graces of the World Council for the Equal Treatment of the Undead. Can this once all-powerful vampire princess balance classes and campus life with romance, human and vampire relations, and not sinking her teeth into her annoying roommate? With her "distinct, captivating style" (RT Book Reviews), Molly Harper demonstrates that she is one of the best voices in paranormal romance.

## Book Information

Audible Audio Edition

Listening Length: 2 hours and 36 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: Audible Studios

Audible.com Release Date: June 6, 2016

Whispersync for Voice: Ready

Language: English

ASIN: B01GK496Z4

Best Sellers Rank: #120 in Books > Audible Audiobooks > Romance > Contemporary #1077

in Books > Romance > Paranormal #1346 in Books > Audible Audiobooks > Fiction & Literature

## Customer Reviews

Buyer beware. This is not a story, it's a bridge. A simple short fiction piece with very little plot and no real movement of the overall story arc. I own all of her books--short stories, novels, and the "character development" vignettes like this one. Had I known this was going to be bridge to a new series spinoff with no real plot, unanswered questions ("naming names..."), way too much internal dialogue and way too little action, I would have passed. This is the second time she's published something that is a short fiction bridge piece masquerading as a short story and pretended that it's

an actual story. As a reader, my trust in her is a little thin.

It's a quick, six chapter story of Ophelia dealing with her punishment as a student in college. Her boyfriend, Jamie is featured, so is Ben and three new female leads, one of which ends up being a star of an upcoming book or yet another short novella. This is a tiny, tiny read and it leaves much to be desired. Like, there are setups of "huh something's going on" but we never get a resolution because it's just a short story. Maybe those questions will be answered in book 9, or yet another short story.

Still one of my favorites. I love Molly Harper and this series, from Jane to Half-Moon to the weres of Alaska, Molly can do no wrong in my opinion. She always makes me laugh out loud. I started reading another paranormal series and I have to commend Molly for keeping it cleaner than the rest. I hate when writers feel they have to swear to tell or portray a feeling. Molly does not. She actually uses creative words. Go figure a writer who writes!

OK, first let's be clear this is a set up for Molly's next full length book. That being said I loved finding out more about Ophelia and Jamie and how she is adapting to a world with communal showers. You see a side of Ophelia that one only vaguely suspected she had (and if you did suspect it you kept your mouth shut for fear of having your throat ripped out). Can't wait for the next one

This one is for the fans. This is a short peak into the mind of a 400 year old vampire, Ophelia, who has been removed from her position of authority and is being forced to attend college with \*gasp\* humans. The only upside she can see is that she will be closer to her young beau, recently turned vampire Jamie. As with the rest of the books in this series there are plenty of laughs and yes an opossum. The supporting cast in this story is fun and I'd love to see more of them in the future.

I thought it was a full book but I must agree it is a short. It does flesh out more of Ophelia /Jamie relationship. I just wish it had more of it, for blood mates being apart drove every one else nuts in the series with them it rather cool effect. I do like the interaction with Ophelia and Sister as brief as it.. I just gotta love Pocket Vamp. She's a trip. I think what a lot of reviews missed was Ophelia growth as person and Vamp . Finding out new things about one shelf at her age is impressive !If you like the series this a well thought out evolution of charaters and nice lite summer read.

Why oh why are you tormenting me? I keep getting sucked in (as is soooooo delightfully easy to do) to my latest Molly Harper/Half Moon Hollow story but they have been short ones. Goes to show, her stories are like chocolate kisses. The short stories just make you want to have the whole bag.

Ophelia's story of her first instance of college life is funny & quirky. Only she would end up with a pretentious Goth roommate. : -) She has to not only learn the ins and outs of classes which barely scratch the surface of her own history but the social pecking order every freshman endures.

i can always count on this series for a quick, light-hearted read and this book was no exception. No terror, no killing off of characters that I have come to care about. i normally read suspense and mystery but I get each each new release in this series for a nice change of pace.
