To Hate Adam Connor

Synopsis

So you may ask, who is Adam Connor? He is the recently divorced, Academy Award-winning actor who just moved in next door with his kid. He also happens to be an exquisite male specimen and the most infuriating sly bastard I've ever come across. While I was being thoughtful by not breaking and entering, and was actually considering going over to offer him a shoulder to cry on (you know, because of his divorce), instead he had me thrown in jail after a small incident. Jail, people! He was supposed to grant me countless orgasms as a thank you, not a jail cell. After that day, I was mentally plotting ways to strangle him. So what if my body did more than just shiver when he whispered dirty little things in my ear? I can't be held responsible for that. Even if he and his son were the best things since sliced bread, I couldn't fall for him. No matter what promises he whispered on my skin, my curse wouldn't let us be. I wasn't a damsel in distress - I could save myself, thank you very much - but deep inside, I still hoped Adam Connor would be the hero of my story.

Customer Reviews

After reading To Love Jason Thorn and meeting Olive and Jason, I knew I would have to read this book. We met Lucy in Olive and Jason's beautiful story and what a best friend she is. Olive and Lucy remind me of Lucy and Ethel (from I Love Lucy, in case you're wondering) because they are hilarious together, but true best friends. This book can be read as a stand alone, but I always like to read any previous ones just to get the other characters' story. Lucy is so broken down and

scared from things that happened with her family. She is afraid she is a "cursed" from love and refuses to tell any man she loves him again. After finding herself homeless and moving in with Jason and Olive, she is dying to know Adam Connor, the dreamy and sexy actor that is living next door. I just loved Adam's character and couldn't wait to read more about him. Never in my life was I expecting to see Lucy and Olive climb a ladder and peek over his wall. I was laughing so hard because that picture in my mind was hysterical! Upon getting her first glimpse of him, she knew she was hooked. When Olive and Jason leave town, her daily routine is climbing that ladder to get a closer look at Adam. When she unexpectedly sees something no one else sees, over the wall she goes. She didn't know that coming face to face with Adam was nothing like she expected at all. What a cold man he was, but who could blame him with some stranger standing in his backyard? Adam is trying to live quietly with his son after being recently divorced. He tries to avoid the public eye, but all that fails when Lucy causes quite a stir. Adam and his "stalker" as he calls Lucy became quite the pair with their antics.

To Hate Adam Connor by Ella Maise 4.5 stars!!! It's just a boy standing in front of a girl, asking her to love him. •OMG, I have to say I adored this book, there is nothing more ovary combusting that a single dad that adores his son and Adam Connor is just that man, add to that he is a hot, top Hollywood actor who doesn't let fame and fortune come between he and his son and Ella Maise penned a certain winner, at least in my eyes. For those that have read To Love Jason Thorn, you may remember Lucy, Lucy was Olive's best friend and this is definitely her story. Lucy Meyers has a warped view on love and relationships and keeps her heart well and truly guarded through fear of hurt and falling victim to the "family curse." • No woman in her immediate family has been married, the men leave them high and dry before then, often with a babe in arms or at least in the oven. Her outlook is jaded and when her most recent "relationship" • hits the skids she vows off the male population forever. Now homeless and boyfriendless she moves in with Jason and Olive temporarily and this is how she meets Adam Connor. It will be the one who speaks to your heart, Lucy Meyer, just like you seem to speak to mine. • As I said above, Adam was a top Hollywood actor who had moved in next door to the Thorn's. Having been recently divorced his priority is that of his son, Aiden. Aiden was the most adorable kid and despite the turmoil at home seemed to be taking the majority of it in his stride. Adam is on a mission to keep his son sheltered from the downside of being famous and wants to keep him stable enough so the divorce does not affect him in any way. But one-day tragedy nearly strikes. • This is a father fighting for what's best for his son.
