Synopsis

Haven Carey has given up everything to seek out the man responsible for her brother's death, but she gets a lot more than she bargained for when she comes face-to-face with the tall, dark, and delicious alpha. When her world is turned on its head, she soon discovers that nothing is as it appears to be. Cat-shifting PSI operative Miles "Boomer" Walsh is the team loner for a reason - nothing and no one touches him. Not anymore. Except when a beautiful vixen shows up, claims he murdered her brother, and tries to kill him. It's not the first time a female's tried to end him. But this time is different. Primal instinct demands his total surrender to whatever the woman has in mind...especially if that something includes a little pain mixed with pleasure.

Customer Reviews

I received an ARC of this book in exchange for an honest review. Act of Submission is the third book in the Paranormal Security Intelligence (PSI)/ Immortal Ops series. Miles "Boomer" Walsh is a werepanther in PSI who works in conjunction with I-Ops to police evil supernaturals. He's worked hard to overcome his past and now dedicates his time to his job and his rescue shelter. Though he works well with his teammates and fellow agents, he's always felt like a man apart. But that's all about to change. Haven Carey is a young woman on a mission. She knows who killed her brother and she is going to avenge him. When she finally locates the man responsible she realizes she may have bitten off more than she bargained for. I was so glad to finally read Boomer's story. In the previous books he was so intriguing, quiet and stoic at times but then dropping some of the funniest one-liners at a moments notice. Always willing to help his teammates but somewhat standoffish at

times. It was so good to get a better understanding of him and the experiences that made him the man he is. The things he went through were heartrending. It made me fall more in love with his character. And Haven's struggles were just as touching. She was really the perfect mate for him. He and Haven are so good together. Even though they didn't fully understand one another initially, they still fought for each other. And the physical attraction was of course "off the charts" hot! The book was action packed, suspenseful, with more than a couple of sizzling scenes between Boomer and Haven. There were plenty of laugh out loud moments and a couple of tear jerker moments as well.

A gifted copy was provided by the author for my honest reviewThis is book 3 in the Immortal Ops: PSI-OPS series and this is Haven Carey and PSI-Operative /Cat Shifter Miles "Boomer" Walsh story.Haven Carey has gone on this mission to find who killed her twin brother and when she finds his killer, she will either bring their killer in or take them out. Due to who took her twin's life, she is all alone in the world now and she has this empty feeling inside. Plus she has to deal with this weird allergy to the sun and this other feeling that she has inside of her. Haven gets info told to her the PSI group boys are the ones who were the ones that had her brother killed and she is out for blood now.. these are lies yet Haven doesn't know this. So she goes out seeking to harm whomever she can in make them pay for hurting her brother.Boomer is the one in the group who is the most like the loner. He tries to contact physically with all but can't yet he still tries to be there for the guys hence Poker Night. He is holding it at his home because his friends have mates and their mates are either pregnant or new mothers so he wants to relax, not have to worry about being interrupted by the women. Suddenly a female drops out of the sky and into his house and starts attacking them and winning, all Boomer wants to do is protect her-literally his beast wants to protect her. WOW, his panther is in full protect mode leaving Boomer baffled. Boomer is definitely attracted to this woman-stop the presses. Something is up and he needs to make her understand they had nothing to do with her brother's death.Here you have two scarred people who have had tremendous pain in their lives yet they meet and the instant attraction, wowza! The animal chemistry is great!
