## Burn (Michael Bennett)

## Synopsis

Detective Michael Bennett finally returns to New York City--and to the most unsettling, horrific case of his career. At last, Detective Michael Bennett and his family are coming home to New York City. Thanks to Bennett, the ruthless crime lord whose vengeful mission forced the Bennett family into hiding has been brought down for good. Back in the city that never sleeps, Bennett takes over a chaotic Outreach Squad in Harlem, where he receives an unusual call: a man claims to have seen a group of well-dressed men holding a bizarre party in a condemned building. With no clear crime or evidence, Bennett dismisses the report. But when a charred body is found in that very same building, he is forced to take the demented caller seriously--and is drawn into an underground criminal world of terrifying depravity.

## Book Information

Series: Michael Bennett

## Customer Reviews

James Patterson and Michael Ledwidge have again teamed up to create another Michael Bennett thriller, *Burn*. This installment may very well scorch the Patterson fans' avid appetite, as this rousing novel follows two intense cases. Be forewarned before the *Burn* ignites, some readers are likely to find the first several chapters to be uncommonly uneventful - but to be fair, there is nothing inherently wrong with allowing a story to unfold - luckily with Patterson's particular conversational style of storytelling and very short chapters - which I truly love - things really just move along as they should. Bennett and his crew stumble upon the secret life of a successful powerful political figure and his friends, as they enter an underworld of terrifying depravity, madness and murder. Just when

Bennett and his crew are close to apprehending the suspects, his attention is demanded elsewhere.... A five-man team is robbing high-end jewelry stores and wreaking havoc across the city. Bennett finds himself being pulled in two different directions as the demands to quickly solve both puzzling cases fall on his shoulders. To add to his anxiety...someone claiming to be the biological father of one of Bennett's adopted daughters, is trying to take her away from him. With all this chaos going on, his longtime nanny and "significant other" Mary Catherine, has to leave the country to handle a family emergency of her own. This journey will have readers wondering....will Michael Bennett be able to solve one of the most horrific cases of his career? Uncover the underlining motive behind a string of seemingly random diamond heist. Squash a silly twenty-year old rivalry, and save his career. Keep his daughter from the clutches of a father with ulterior motives.
